

## DO I NEED DELIVERANCE?

That is a great question! Perhaps this will help you know the answer for yourself. It's important to understand that when we receive Jesus Christ as our Savior and Lord, we are "born again" and adopted into God the Father's family. We receive a new spirit, which is always "right" with God; however, our body (the physical part that you can see in the mirror) and soul (mind, will, and emotions) do not get "born again". It is in the soul realm that our problems lie. Therefore, our soul needs to be transformed and sanctified into the likeness of Christ, and we may need to be delivered from the demonic torment in our soul!

Some points to consider:

- Not all problems are demonic! God gave us a free will. We cannot blame demons for everything.
- You may need deliverance if there is a driving force behind your problem.
- You may need deliverance if you still have oppression after you have applied the Word, spiritual discipline and prayed for relief.
- You may need deliverance if you have an infirmity and doctors cannot find it or the cause of it.
- The demonic kingdom has a plan for every life, and that is to steal, kill, and destroy (John 10:10). You can be sure that demonic entities have been assigned to you. If you have oppressions that characterize these descriptions—where you cannot get or maintain victory in your life—you may need deliverance.
